

AMAZON INDIA SALES DASHBOARD

Business Insights & Analytical Findings

Based on the 10,000-order Amazon India sales dataset

Executive KPI Summary

Total Sales ₹15.58 Crore	Total Profit ₹3.32 Crore	Total Orders 10,000	Units Sold 24,926	AOV ₹15,578.99
Profit Margin 21.29%	Return Rate 4.85%	Cancellation Rate 5.00%	Returned Orders 485	Cancelled Orders 500

Key Business Insights

1. Electronics & Mobiles is the dominant sales category

Electronics & Mobiles generated approximately ₹12.36 Crore, accounting for about 79.3% of total sales and making it the largest contributor to overall profit.

2. Laptop Backpack is the highest-selling product

Laptop Backpack generated approximately ₹2.65 Crore in sales, with 652 orders, 1,641 units sold and approximately ₹56.29 Lakh in profit.

3. UPI is the leading payment method

UPI generated approximately ₹7.85 Crore in sales from 4,972 orders, contributing around 50.4% of total sales.

4. Amazon FBA handles the majority of sales

Amazon (FBA) generated approximately ₹10.75 Crore from 7,054 orders, representing about 69.0% of total sales and 70.5% of orders.

5. Maharashtra is the highest-sales state

Maharashtra generated approximately ₹2.96 Crore in sales from 1,840 orders, followed by Karnataka at approximately ₹2.44 Crore and Delhi at approximately ₹2.24 Crore.

6. Return and cancellation rates differ by category

Overall return rate is 4.85% and cancellation rate is 5.00%. Electronics & Mobiles has the highest return rate at 5.39%, while Apparel & Fashion has the highest cancellation rate at 5.74%.

7. Delivered orders dominate the order-status distribution

Delivered orders account for 8,147 orders, representing 81.47% of all orders, and approximately ₹12.59 Crore in sales.

8. 2025 records the highest annual sales in the dataset

2025 generated approximately ₹5.74 Crore in sales and ₹1.22 Crore in profit across 3,744 orders. 2026 contains fewer records and should be interpreted as a partial/current-year dataset.

9. July 2026 is the highest-sales month in the dataset

July 2026 generated approximately ₹64.44 Lakh in sales, ₹13.29 Lakh in profit and 374 orders.

10. Sales are concentrated among the top products

Laptop Backpack, Power Bank 20000mAh, 5G Smartphone, Wireless Earbuds and Smartwatch together generated approximately ₹11.65 Crore, around 74.9% of total sales.

Category-Level Return & Cancellation Analysis

Category	Return Rate	Cancellation Rate
Electronics & Mobiles	5.39%	4.47%
Home & Kitchen	4.77%	4.82%
Apparel & Fashion	4.26%	5.74%
Beauty & Personal Care	5.00%	5.60%
Pantry & Groceries	4.66%	4.15%

Executive Takeaway

The Amazon India dataset generated ₹15.58 Crore in sales and ₹3.32 Crore in profit across 10,000 orders and 24,926 units sold. Electronics & Mobiles is the dominant category, while UPI and Amazon FBA are the leading payment and fulfillment contributors. Maharashtra is the highest-sales state. Return and cancellation behavior varies by category, with Electronics & Mobiles showing the highest return rate and Apparel & Fashion showing the highest cancellation rate.

Analytical Note

These are descriptive findings from the uploaded dataset. The 2026 figures contain fewer observations than the complete prior years, so they should not be interpreted as a full-year comparison without considering the available period.
